

*I want to thank you, soldier
For answering the call
To defend our country's freedom
That's so precious to us all.*

*I don't know where you served
Or what job you had to do.
I only know I'm grateful
For soldiers such as you.*

*Our country still is free
And that's because of you.
And all who've given much
To save our Red, White and Blue!*
